Six-Door Limousine

No matter which model you choose, S&S provides the ultimate in passenger comfort. Air vents are ideally positioned to provide maximum climate control for all rear compartment passengers. For added convenience, a tissue dispenser is strategically located for rear seat passengers.

Center seat design provides additional foot room for rear seat passengers.

6-Door Commercial Glass Limousine Standard Features

- heavy-duty chassis
- die-stamped, "one-piece" galvanized steel doors
- full vinyl top
- Cadillac leather seats
- wide-opening center doors
- full-size spare tire
- low-profile floor
- rear-passenger air vents
- rear seat tissue dispenser
- power center door windows
- heater under seat

Widest-opening doors available.

Conveniently located air vents for individualized passenger comfort.

Low profile floor provides the greatest headliner-to-floor clearance. Don't be confused by competitive "flat floor" models that actually raise the floor.
