What do we mean by traditional values? Taking pride in being designers and craftsmen instead of just being fasteners and assemblers. Being totally committed to delivering honest value in the products we make. There is nothing cosmetic or pretentious about Eureka. You get unsurpassed durability with an inner structure of

electro-galvanized, heavy-gauge steel. You get double-sided steel doors stamped on our own custom dies. You get superb quality of fit and finish assured by expert craftsmen who take pride in their work. You also get prestige with the classic beauty of Eureka styling. The look is timelessly elegant, unmistakably professional.

Accubuilt's unique, QUICK-ADJUST BIER PIN eliminates time-consuming twisting

Depressing the top button releases the tightening knob and shaft to fully open the Bier Pin.

Place the Bier Pin in one of the hexagonally-shaped holes.

Depress the top button and push the knob until the Bier Pin plate is close to the casket or Commemorative Carriage.

Tighten the quick-adjust knob to secure the casket or Commemorative Carriage in place.

Bier Pin in position.

To release, simply push the top button as before, and pull the knob to open the pin.

Bier Pin fully open.

Grasp and pull the Bier Pin straight up from its seated position and...

...it can be conveniently stored on the top of the wheelhouse panel.
